Hyomel, the Guaranteed Catarrh Cure,
Prescribed by Physicians.

No one should confound Hyomel with
the patent medicines that are advertised
to cure catarrh. It is as far superior to
them all as the diamond is more valuable than cheap glass. Their composition
is secret, but Hyomel gleve its formula
to all reputable physicians.

Its base is the valuable qualities. This
is combined with aromatic and healing
gums and balsams, making a pure liquid,
which, when used in the Hyomel pocket
inhaier, fills the air you breathe with
gorm-killing, disease-destroying and healing powers that kills all entertrail germs
there may be in the throat, nose and
lungs.

How foolish it is to try and cure catarrh
by swallowing tablets or liquids. The only
natural way to cure this disease and all
other diseases of the respiratory organs
is to breathe Hyomel.

This treatment has been so successfulcuring 99 per cent, of all who have used
it, that Hyomel is now sold by drugglists
overwhere under an absolute guarantee
to refund the money if it does not cure.
You run no risk whatever in buyling Hyomel. If it did not possess unusual powers to cure, it could not be sold upon this
plant.

Whitley, Orth and Metcalic came in for a

had in the afternoon.

There was an increase of speed all along the
line, and a few curves were displayed. Orth
particularly was full of pepper, and he and
Whitley tried their hands at the spit ball,
and with no mean success. Chesbro must, look

of diptheria. There was a drill for everybody
in buniting and sacrificing, and Catcher Duffhad, a chance to make several throws to second

base-ball was the subject of discussion.

'The Governor said he would be out next

(Special to The Times-Dispatch.)

RALEIGH, N. C., March 7.—One of the most complicated divorce cases over known in the Wake county Superior Court is that of Etta Bidwoll, of this city, vs. George II. Bidwell, of Macon county. Decrees of divorce have already been gotten in North Dakota by the hushand and by the wife in Massachusetts. The husband has since married a Miss Griswald in Macon county. He has already paid his former wife \$17,500 in coincetion with the previous suits. In the present suit she denies the validity of the Dakota and the Massachusetts Jecrees, and sues for more allinony, claiming that his second marriage was fliegal, and that the husband, being worth \$250,000 or more, she has not received the share of the property to which she is entitled. There are two children, one of them being in the custody of the father and the other of the mother. The judge, on hearing the decrees from the North Dakota and the Massachusetts courts, granting divorce, intimated that he would rule that the plaintiff was thereby estopped from recovery, and thereupen the counsel for the plaintiff took a non-suit and appealed to the Supreme Court.

Work of Legislature.

Lieutenant-Governor Winston said last night before leaving for his home, that he regarded the settlement of the South Dakota bond judgment and the Shaffer bond claims as the most important legislature just closed. He said the distinguishing character or this Legislature has been in good common sense and fine capacity, for transacting business. Not a person or an interest in the State'shas been denied a hearing, and the discussions on the floor of both branches 65the. Assembly have been full, free and aimple. Governor Glenn says that the reason to State institutions was that to accept such in appointment would necessitate their resignation as members of the Legislature. This he deemed inadvisable, as conditions might arise necessitating an axira seasion of the Assembly, so that body should be kept intact as elected by the people.

Chairman C. F. Lumsden, of the board of directors of the North Carolina Odd-Fellows' Orphanage, has returned from Goldsboro, where he inspected the new heating plant that has just been installed in that institution. The affairs of the Orphanage are, he says, in better condition than over before. Sixty-three children are being cared for.

Proceedings in voluntary bankruptey were filed here to-day by J. R. Franklin, of Chalybeate Springs. The liabilities are \$21,000, and the assets about \$25,000.

Governor Glenn and party have returned from attendance of the inaugural eeremonies at Washington. The Gov-

turned from attendance of the inaugural ceremonies at Washington. The Governor declares that the most gratifying feature of the ceremoiles to aim was the evident absence of all sectional feeling. The Governors and their parties from Southern States were treated with just as much consideration and honored just as much as those from any of the Northern States.

At Fuduny Springs, a popular resort near Raieigh, last night, fire destroyed the hotel and the residence of Gibson Blanchard. The loss was about \$8,000, with no insurance.

Saturday night at Rolesville, this county, a cotton gin belonging to James Mitchell was destroyed by fire.

An amusing scene in connection with the adjournment of the House of Representatives yesterday was the presentation by one of the opponents of the temperance legislation passed of a bottle of water to Representative McNinch, leader of the temperance forces on the floor, After the bottle had been presented and received by Mr. McNinch in a happy vein, the members joined in singing; "Pass Around the Bottle and We/Will All Take a Drink, as We Go Marching Home."
